

Smart Weather with Jira

Epics Created

The screenshot shows the Jira interface for the 'Smart Weather' project. The left sidebar contains a navigation menu with 'SW board' and 'Timeline' selected. The main area displays the 'Timeline' view for the 'SW board'. The timeline is organized into columns for 'DEC', 'JAN '25', and 'FEB '25'. Under the 'Releases' section, five epics are listed: 'SW-1 Registration', 'SW-2 Weather Services', 'SW-3 Forecasts', 'SW-4 Locations', and 'SW-5 Applications'. Each epic is represented by a purple bar on the timeline, indicating its duration. The 'SW-1 Registration' epic starts in late December and continues into January. The 'SW-2 Weather Services' epic starts in early January and continues into February. The 'SW-3 Forecasts' epic starts in mid-January and continues into February. The 'SW-4 Locations' epic starts in late January and continues into February. The 'SW-5 Applications' epic starts in early February and continues into late February. The timeline view includes a search bar, a 'Search timeline' button, and a 'View settings' button. The bottom of the timeline view shows a 'Today' button and a 'Quickstart' button.

Parking Lot:

The screenshot shows the Jira interface for the 'Smart Weather' project. The left sidebar contains a navigation menu with 'SW board' and 'Backlog' selected. The main area displays the 'Backlog' view for the 'SW board'. The backlog is organized into columns for 'SW Sprint 1', 'SW Sprint 2', and 'SW Sprint 3'. Under the 'SW Sprint 1' column, two issues are listed: 'SW-6 As a User, I want to enable registration for al...' and 'SW-7 As a User, I want to provide severe weather ...'. Both issues are assigned to the 'REGISTRATION' epic. The 'SW Sprint 2' column is currently empty, and the 'SW Sprint 3' column is also empty. The backlog view includes a search bar, a 'Search' button, and a 'View settings' button. The bottom of the backlog view shows a 'Today' button and a 'Quickstart' button.

Sub Task:

The screenshot shows the Jira Backlog for the 'Smart Weather' project. The left sidebar contains navigation options: PLANNING (SW board, Timeline, Backlog, Active sprints, Calendar, Reports) and DEVELOPMENT (List, Forms, Goals, Issues). The main area displays the 'Backlog' with a search bar and filters. Two sprints are visible: 'SW Sprint 1' (2 issues) and 'SW Sprint 2' (0 issues). 'SW Sprint 1' contains two issues: 'SW-6 As a User, I want to...' (5 points) and 'SW-7 As a User, I want to...' (3 points), both with a 'REGISTRATION' label and 'TO DO' status. A 'Quickstart' button is at the bottom right. The right sidebar shows 'Subtasks' (0% Done) and 'Confluence content' (Product requirements).

Sprint Created:

The screenshot shows the Jira 'SW Sprint 1' view. The left sidebar is the same as the previous view. The main area displays the sprint details: 'SW Sprint 1' (Complete Registration Feature) with a 4-day duration. The sprint is divided into three columns: 'TO DO 3', 'IN PROGRESS 2', and 'DONE 2'. Under 'TO DO', there are two issues: 'SW-6 As a User, I want to enable registration for all the users so that they can use the portal as a free and paid users' (3 subtasks) and 'SW-7 As a User, I want to provide severe weather advisory to registered users so that they can access the portal' (2 subtasks). Each issue has subtasks: 'Testing' (SW-10, SW-12), 'Coding' (SW-9, SW-11), and 'Technical Analysis' (SW-8). All subtasks are in 'TO DO' status. A 'Quickstart' button is at the bottom right.

Task Done:

The screenshot shows the Jira interface for 'Smart Weather' project, specifically 'SW Sprint 1'. The board is divided into columns: TO DO, IN PROGRESS, IN QA, and DONE. Two issues are visible:

- SW-6**: 'As a User, I want to enable registration for all the users so that they can use the portal as a free and paid users'. It has 3 subtasks. The 'REGISTRATION' subtask is in the 'DONE' column, and the 'DONE' subtask is in the 'IN PROGRESS' column.
- SW-7**: 'As a User, I want to provide severe weather advisory to registered users so that they can access the portal'. It has 2 subtasks. The 'REGISTRATION' subtask is in the 'IN PROGRESS' column, and the 'IN PROGRESS' subtask is in the 'DONE' column.

The 'DONE' column contains a list of completed tasks: Technical Analysis, SW-8, Coding, SW-9, Testing, and SW-10. A 'Move to Done' button is visible next to the 'IN PROGRESS' subtask of SW-7.

Complete Sprint:

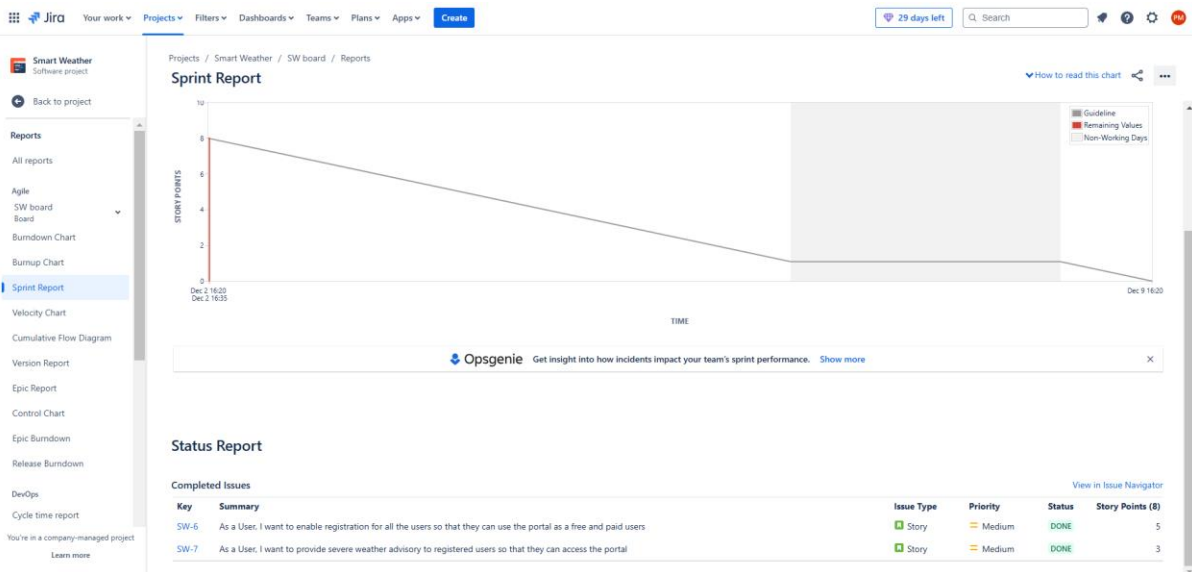

The screenshot shows the same Jira interface as above, but with a modal dialog box titled 'Complete SW Sprint 1' displayed in the center. The dialog box contains the following text:

Complete SW Sprint 1

This sprint contains 2 completed issues.
That's all of them - well done!

Buttons: Cancel, Complete sprint

The background shows the same sprint board with issues SW-6 and SW-7, and the 'DONE' column containing a list of completed tasks: Technical Analysis, SW-8, Coding, SW-9, Testing, and SW-10. A 'Quickstart' button is visible in the bottom right corner.
